Problematic Glove Design:

- from Dollar Tree, \$1.69 / pair with no brand
- shown in black in photo below

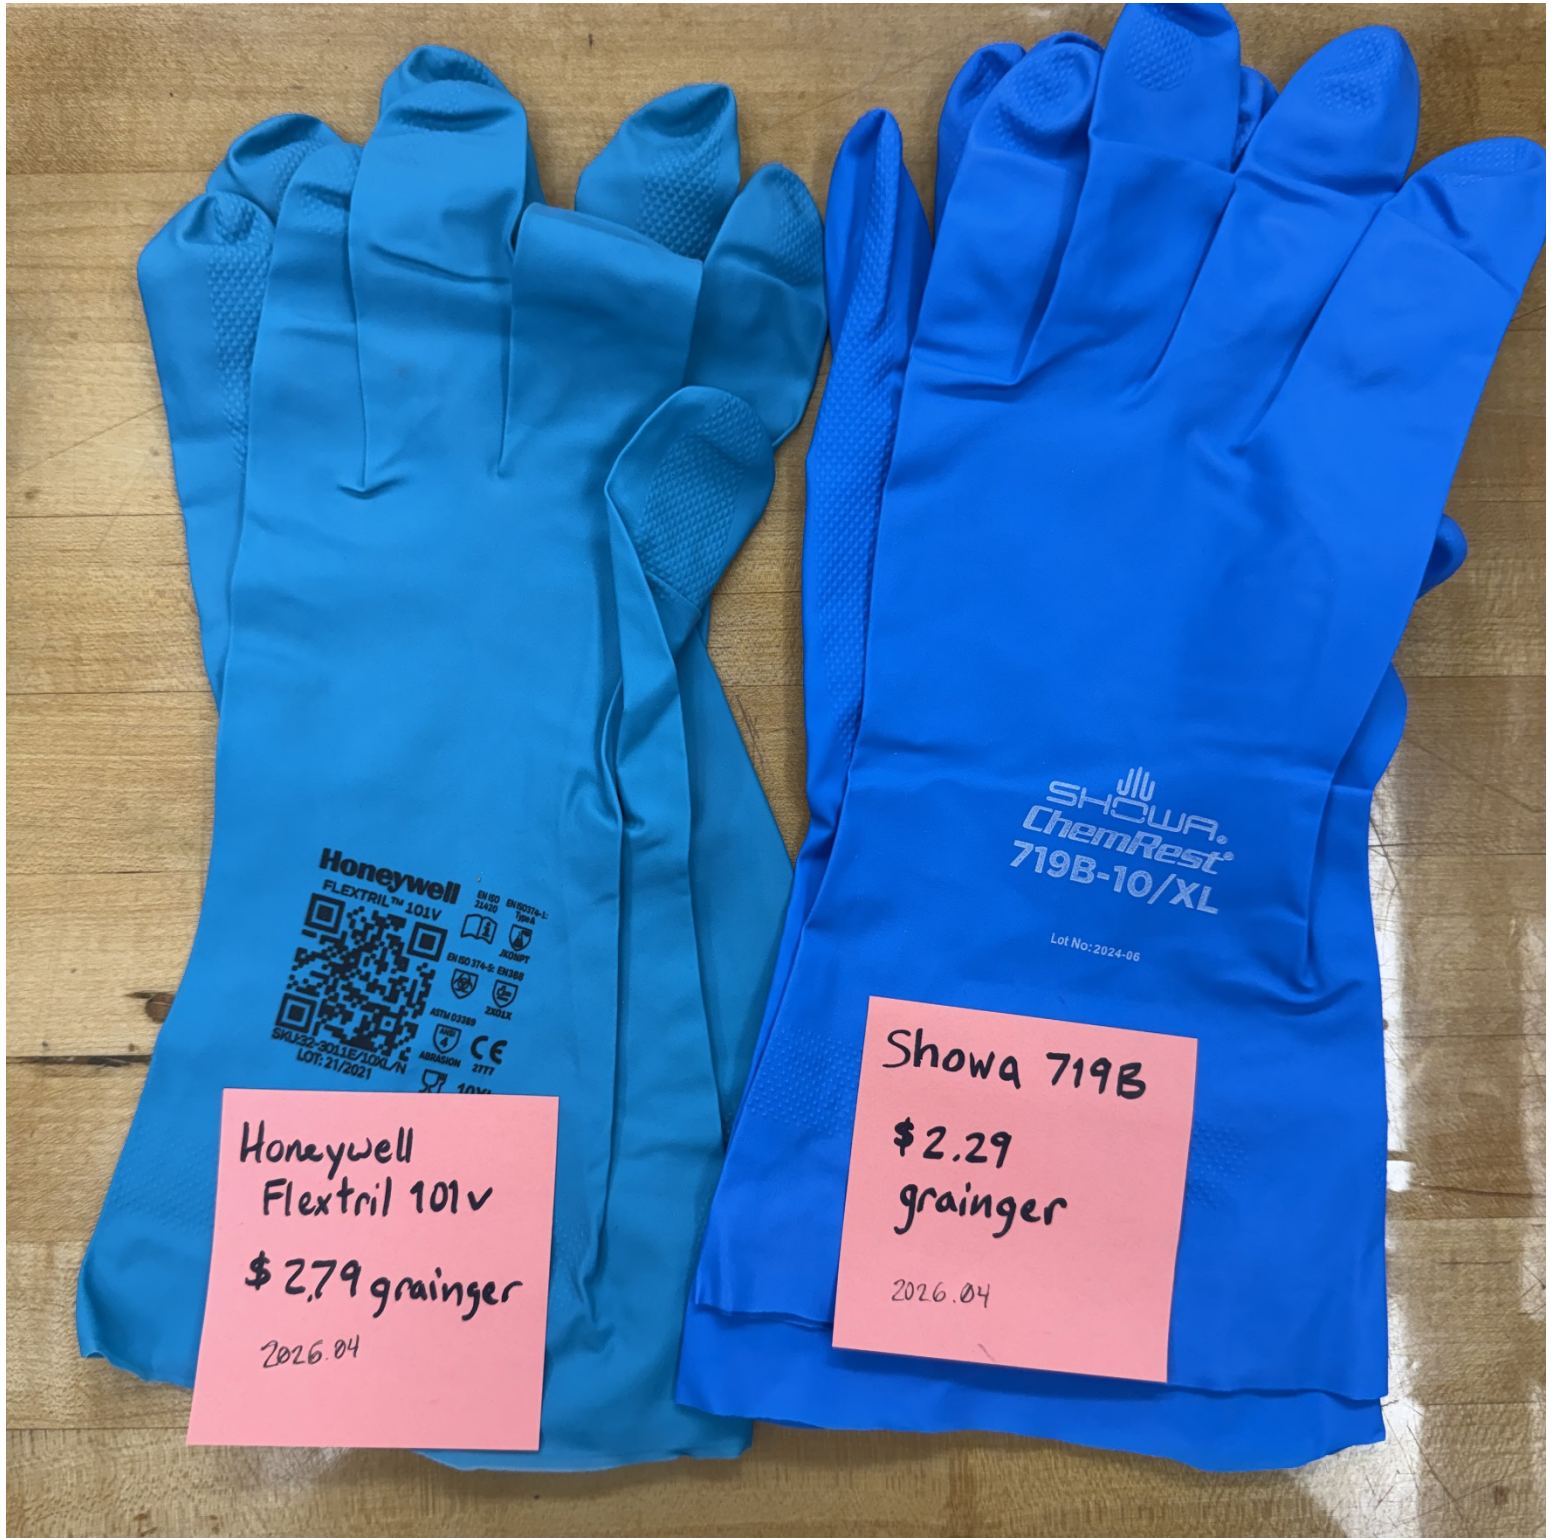

Issue Description: After 6 to 12 months, this glove gets a sticky feeling on the inside. The inside surface is degraded and cannot be recovered. Washing with dawn and a scrubber, the (white) surface looks cleaner but still sticks to fingers after drying and wearing again. Two new gloves to be tested from Grainger on next page.
