DASQUA 60Kgs / 132Lbs Magnetic Base For Digital Dial Test Indicators Industrial Precision Indicators Stand Holder With Fine Adjustment

150° V-grooved base can be placed on the cylindrical surfaces as well as flat surfaces for easily fixing the indicators.

Well selected ferrite permanent magnet with magnetic force greater than calibration value

On/off switch for magnet, easy to move the base without the influence of magnetic force. CNC

Solid structure with surfaces electroplated and end-faces

With clamp holes of $\phi 4\text{mm}$, $\phi 8\text{mm}$, $3/8"$, which satisfy the use of most indicators and test indicators

With fine adjustment device, which is heat-treated to ensure stability and durability

Specifications

Product Name: Magnetic Base Stand Holder with Fine Adjustment

Item Number: 7122-0004

Holding Power: 60Kgs / 132Lbs

Dimension of Base: 60*50*55cm

Warranty: Two Years

Features

- 150° V-grooved base can be placed on the cylindrical surfaces as well as flat surfaces for easily fixing the indicators.
- Well selected ferrite permanent magnet with magnetic force greater than calibration value
- On/off switch for magnet, easy to move the base without the influence of magnetic force. • CNC
- Solid structure with surfaces electroplated and end-faces
- With clamp holes of $\phi 4\text{mm}$, $\phi 8\text{mm}$, $3/8''$, which satisfy the use of most indicators and test indicators
- With fine adjustment device, which is heat-treated to ensure stability and durability

Application

Used to maintain the position of a dial indicator or test indicator etc. during measurement operations.

Advantage Of DASQUA

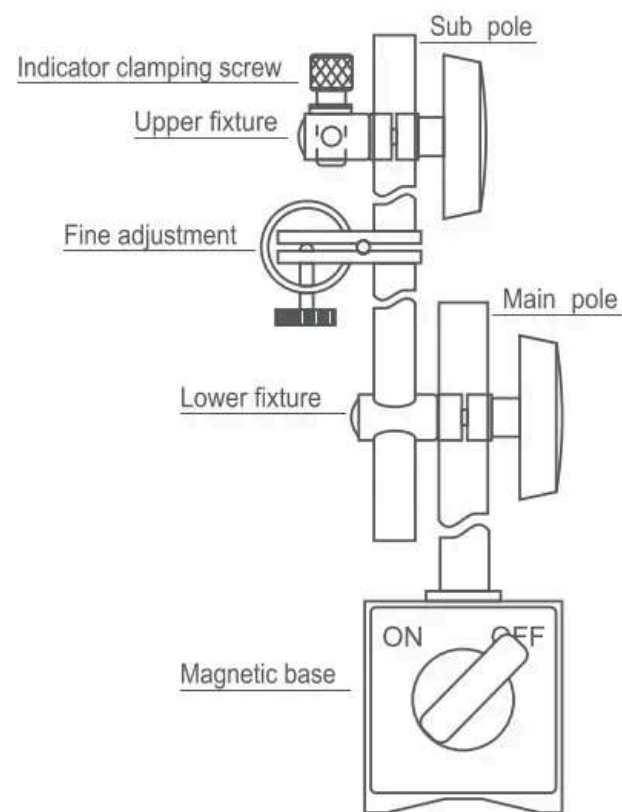

- High quality material and precision machining process ensure product quality;
- A traceable QC system is worthy of your trust;
- Efficient warehouse and logistics management ensure your delivery time;
- A two-year warranty makes you without the worries behind;

Package Content

1 x Magnetic Base

1 x Protective Case

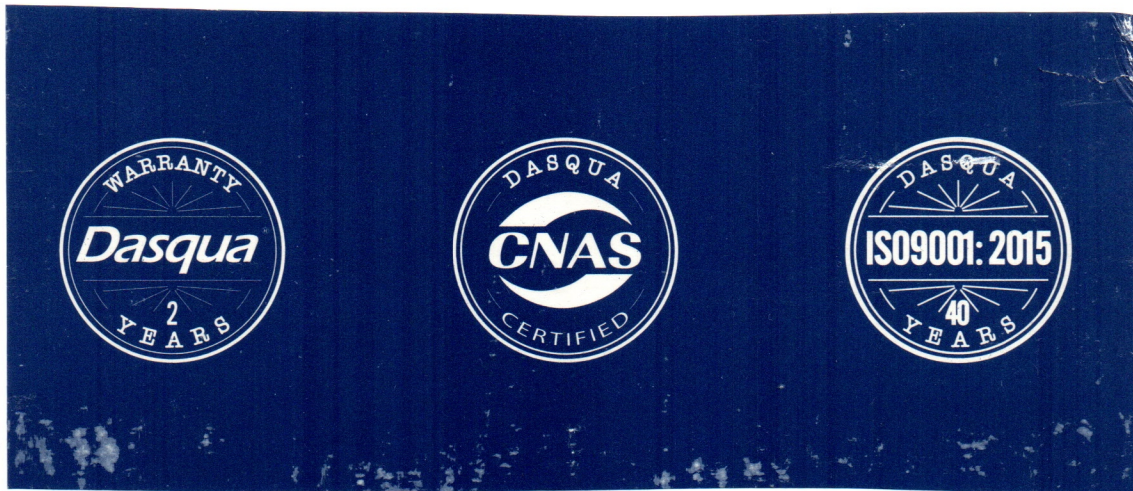

1 x Warranty Letter
